

## VIP Care Program

### SENIOR DOG & CAT PACKAGE • \$99 7 YEARS & OLDER

Pets often disguise or “cover up” their diseases, as they have a high tolerance for pain. Often you won’t notice signs of disease until your pet is seriously ill. Comprehensive diagnostics aid in the early detection and prevention of disease.

While pets are considered “senior” at the age of seven, larger breeds of dogs age considerably faster and are considered “senior” as early as five years old.

Remember, dogs and cats age faster than we do. One of their years is equal to seven of ours!

#### DOG

- 1 WELLNESS EXAM
- 1 AILMENT EXAM
- 25% SAVINGS ON DENTAL CLEANING OR OUTPATIENT PROCEDURE
- 25% SAVINGS ON THESE ANNUAL DIAGNOSTIC TESTS
  - Senior Wellness Screen**  
Thoroughly evaluating over 20 Values. Urinalysis and Complete Blood Count to evaluate red and white blood cells.
